EXPERIENCE

Project Coordinator | QR Solutions Nov 2025 – Present
Trichy

• Coordinate 5+ concurrent client engagements across Shopify, Salesforce, and WordPress, supporting project activities from kickoff and planning through development, deployment, and post-go-live support.

• Coordinate with developers, designers, QA teams, and clients to clarify business and technical requirements, track dependencies, and support timely project execution throughout the SDLC.

• Track project tasks, milestones, timelines, deliverables, blockers, and progress using Zoho Projects, maintaining accurate project visibility and follow-ups.

• Prepare and maintain project documentation including status updates, meeting minutes, requirement specifications, action items, project trackers, and client communications.

• Support Agile project ceremonies, including sprint kickoffs, backlog reviews, progress discussions, and retrospectives while coordinating action items and follow-ups.

• Coordinate testing, UAT, deployment readiness, go-live activities, and post-production support with technical and client stakeholders.

• Monitor project risks, issues, dependencies, and blockers; follow up with responsible teams and escalate items requiring timely resolution.
